

# **Environmental policy**

## **Basic principle**

**Recognizing that the preservation of the global environment is a common goal for all humankind, we are committed to environmental conservation activities and fulfill our corporate social responsibility by protecting and nurturing the earth's nature and local culture through corporate activities.**

## **Basic policy**

- 1. We will actively engage in conservation activities for tourism resource and environment.**
- 2. We will work on eco-tourism and green tourism.**
- 3. We will recognize environmental impact of our business activities and try to improve the environment.**
- 4. We will promote environmental awareness activities.**
- 5. We will strive to let all of our employees to understand our environmental policy and raise our awareness of environmental conservation.**
- 6. We will publicize our environmental policy widely on our website.**
